COMMITTEE URGES ADOPTION OF AMENDMENTS 1 AND 2

MERIT VOTERS SUPPORT

Their Approval Will Prove To the Best Interest of the State, Is Recommendation Made.

At the meeting last Tuesday evening of the directors of the Commercial Club it was pointed out that two amendments to the constitution to be submitted at the coming election—Amendments No. 1 and No. 2—being in the interests of schools, the need to have special attention of the voters called to them was believed important. As a result of the discussion a committee of five members was named to report on the amendments named. The committee has submitted the following report:

Maryville, Mo., Oct. 31, 1918.
"To the Commercial Club,
"Maryville, Mo.

"Dear Sirs: You have asked this committee to report to you on those proposed amendments to the state constitution which seem to merit general support without calling up past differences, to which request the committee respectfully replies as follows:

"1. The purpose of Amendment No. 1 evidently is to give to village and rural schools the same taxation rights that the city schools possess. Under this amendment they would be allowed at the option of the voters, to increase their annual levy as it now is from the maximum limit of sixty-five cents on the one hundred dollars assessed valuation to one hundred cents. The increase of levy is left for the voters to decide according to the needs of the various districts.

"2. Amendment No. 2 is intended to make more definite and exact the language of the constitution by striking out the words 'ordinary revenue of the state,' which has been the cause of recent litigation, and by inserting in lieu thereof the words 'receipts of the state treasury.'

"The effect of this amendment would, in no way, increase taxation, but would so divide the state revenues as to give to the schools the income formerly claimed for them.

"Your committee believes both these amendments will appeal to the approving judgment of the voters, and that their adoption will be conducive to the best interests of the state.

(Signed.) L. C. COOK,
JOHN W. DAWSON,
W. A. BLAGG,
C. W. YEHLE,
C. A. HAWKINS,
Committee."

The Maryville-Tarkio football game scheduled to be played here tomorrow on the Normal field has been declared off, owing to the influenza ban. A new date is being sought and it is likely that the game will be played November 23 if an agreement can be reached between the two teams. The next game for the Normals will be with the Cameron eleven at Cameron next Saturday.

At a meeting of the members of the Normal team yesterday Forrest Brown was chosen captain. Brown plays half back with the team. Daily practice is being had and some fine talent is being developed under the coaching of Athletic Director Sims.

NEW SUGAR ORDER TO GROCERS

Under New Ruling Permission Is Given to Sell Three Pounds Per Person Each Month.

In accord with the new sugar ruling from the Federal Food Administration at Washington, County Food Administrator P. P. Robinson, is sending the following order to all dealers in Nodaway county:

TO THE RETAIL GROCERS OF NODAWAY COUNTY.

On yesterday we mailed to you from this office printed instructions on flour and sugar rules, but this morning we received a wire making a radical change in the sugar regulations, and below we give you the new sugar regulations which become effective at once and supersede all former sugar regulations. The rules are as follows:

The household allotment has been raised from two pounds per person per month to three pounds per person per month; and the whole allotment for the month may be bought at one time regardless of the residence of the purchaser.

In other words, if there are three in family they are entitled to nine pounds for the month and may buy all at one time if desired.

Merchants are still required to keep account of sales of sugar and make reports to me at the end of each month.

Each merchant will receive from headquarters additional sugar certificates for one-third the amount which has already been sent them for November.

Hotels, restaurants, boarding houses and other public eating places under the new rules will be allotted three pounds of sugar for each ninety meals served, and additional sugar certificates will be sent to them to cover the additional allotment.

Yours truly,
F. P. ROBINSON,

U. S. Food Administrator for Nodaway County, Missouri.

The hospital wards are filled with influenza patients. The situation is not alarming. The nurses can easily care for the sick people and want no assistance from outside except during these periods and for this work. These volunteer workers will not come in contact with any of the sick wards and will be in no danger of infection and sterilized masks will be furnished them.

Mrs. Vilas Martin, herself a trained nurse, has been on duty for so many hours daily since the beginning of the epidemic. Mrs. George P. Bellows, county director for women, was asked to place a call for volunteer workers in this capacity only and any woman willing to help will please call Mrs. Vilas Martin, at her home, telephone 86, and she will arrange the workers in shifts as most convenient.

FIX SHOE PRICES

THE MAXIMUM IS \$12, THE MINIMUM DOWN TO \$3

THERE ARE 3 CLASSES

Fifty-four Per Cent of Entire Output Is Scheduled for Sale at From \$6 to \$8.50.

Washington, Nov. 1.—Go to your dealer today and buy shoes at the prices set by the government last month.

This advice was given today to the American people by C. F. C. Stout, chief of the Division of Hide, Leather and Leather Goods of the War Industries Board, in a statement that the shelves of shoe stores are now well stocked with the new regulated price shoes.

The price scale set by the War Industries Board is divided into three classes, with the lowest minimum at \$3.00 and the highest maximum at \$12.00. The price of shoes in Class A will vary from \$9.00 to \$12.00, and into this class will fall only 18 per cent of the total output of shoes. Class B shoes will vary from \$6.00 to \$8.50. This class will include 54 per cent of the output. Class C will include 28 per cent of the output, and the prices will vary from \$3.00 to \$5.50.

B. M. Baruch, chairman of the War Industries Board, is determined that the regulations set by the board shall not be violated, and that there is to be no lowering of the quality or workmanship of the shoes because of the price limit.

Chairman Baruch has charged the duty of operating this price scale to the War Service Committee of the shoe manufacturers and shoe retailers. The first committee consists of J. F. McElwain of Boston, chairman; J. Henry Selz of Chicago; Frank R. Briggs, Boston; F. A. Miller, Columbus; H. T. Cook, Syracuse, Emil Weil, Brooklyn. The retailers' committee follows: John Slater, New York; J. P. Orr, Cincinnati; John O'Connor, Chicago; A. H. Gueting, Philadelphia; Warner Dyck, Atlanta, and Joseph Berberich, Washington.

On October 15 the cutting of all shoes beyond the price of \$12 was restricted, except when continuing contracts require an extension of time to enable the manufacturer to fulfill his obligation. Special licenses for this had to be obtained from the War Industries Board.

Retailers were also granted time to sell their stock over \$12.00. Because their orders had been placed and subsequently filled by the manufacturers, the War Industries Board has given the retailers until June 1, next, to dispose of their stock selling above the maximum of \$12.

After this time all footwear must be sold at the regulation prices, however. Violations will result in the government cutting off the supply of leather in the case of a manufacturer and cutting off of stocks from the manufacturer in the case of a retailer.

Mr. Stout calls attention to the fact that free purchases of shoes above the maximum price until June 1 will help to bring the market to the basis of the price regulations sooner.

CHIEF OF GERMAN PRIVY COUNCIL LEAVES BERLIN ON IMPORTANT MISSION

EXPECT BIG EVENTS SOON

Information Concerning Most Important Developments of War Are Occupying State Department.

Washington, Nov. 1.—Officialdom awaits with tense nerves today for the biggest developments of the war. Department offices are charged with excitement and little is concealed. President Wilson remained at his desk until after one this afternoon deciding on personal messages from Colonel House. He was at his desk before breakfast this morning working on replies which were immediately placed on cables. The messages carried it is assumed are to be the final word of the United States on the armistice and general peace terms to be passed on by the supreme war council at Versailles. Final decision of that body may be but a question of hours.

It is frankly admitted at the White House and at the State department there is information covering the most important developments of the war. They cannot be made public now. Premature publication may prove disastrous.

THE MAIN POINT.

The debate on the President's plea for a Democratic majority in congress to support him in his war policies and plans is largely off the main point. Republican partisans are trying to confuse the public mind and make it appear that the President reflects upon the loyalty of Republicans and is playing petty politics.

There is no question of the loyalty of Republicans nor of the aid Republicans in congress have given the President in war work. The President recognizes both. Loyal Americans of all parties have done and will do their full duty.

There is no question of coercion of the people or coercion of congress. The people are free to vote as they think and elected congressmen are free to talk and vote as they think.

The sole question is that of unity or division in government in dealing with the vast and intricate problems of the war and of the judgment of the people in the conduct of the war.

The President, as is his wont, frankly tells the people that unity of leadership through a congressional majority in political accord with him would strengthen him and decrease his difficulties in dealing with the great problems and tasks of the war and that opposition control of congress would weaken him and increase his difficulties.

The question for the voter to decide is simple: Is united leadership better than divided leadership? Would the defeat of the President's party in the elections help or injure his leadership in the world war? Would opposition control of congress promote or hamper his work at home and abroad?

Voters who have confidence in the President and trust his leadership and who think he is entitled to approval, support and a free hand to carry out his great plans will heed his plea. Voters who think otherwise will reject it and vote for Republican control of congress with all the power to control the President's policies and plans that this conveys.—St. Louis Post-Dispatch.

WILSON'S PEACE.

"When it comes to the peace negotiations we should emphatically repudiate the famous fourteen points announced by the president last January. reason good Americans should regard them with suspicion."—Theodore Roosevelt.

Here is a bold statement of the amazing conspiracy headed by Colonel Roosevelt and Senator Lodge to destroy the president's leadership and to ruin his influence at the peace table.

Is it strange that Woodrow Wilson has appealed to the American people, not only for support for himself but to protect from destruction his far-reaching plans to erect, on the basis of German defeat, a world emancipated from autocratic and militaristic rule, a world free and democratic, a world relieved from war and fear of war, blessed with a peace that is enduring because founded on justice and dedicated to liberty for all men everywhere?

The Cataline conspirators—Roosevelt and Lodge and Penrose and Smoot and their less notable coadjutors—waited for the eve of election day to draw their knives against the president and an American peace. Their country's war purposes and peace terms had long been known. They had been acclaimed by the American people, acclaimed by the people of Britain and France and Italy and Belgium. They had cemented the free nations together. They had given unity of command and purpose and action to the powers in arms against Germany. They had placed our war on the high plane of international morality and idealism. They had been applauded, as they were announced, by every republican leader and spokesman who had the courage to express an opinion. They had brought

us and our Allies to the threshold of complete and glorious victory. And then, with an American election pending, the conspirators struck!

They demand now that the American people repudiate all we have been

fighting for and that it be left to an opposition congress to formulate new war purposes and peace terms. They demand that the superb diplomatic achievements of the president, that his tremendous diplomatic victory nearing

the hour of its consummation, shall be thrown into the waste basket, that the devastating war be left to blight and desolate the earth while reactionary statesmanship discovers fresh reasons for continuing the fighting indefinitely.

At the moment that the president, in co-operation with the Allied governments, is preparing to bring home the free soldiers of the earth safe and laurel-crowned, these enemies of Wilson and of Wilson's peace would prepare for the digging of a million fresh graves amidst the poppies that bloom on Flanders field.

And why? It is because they are opposed on principle to the Wilson ideals, which have been accepted and proclaimed as the ideals of America, of Great Britain, of France and of Italy as well. It is because they stand for making this country of ours a strong military republic, and have no faith in nor desire for disarmament and a league of nations. They regard President Wilson as "visionary" in that he is liberal, far-seeing and progressive. They regard him as "weak" in that he stands for the peace of justice instead of a peace of force, economic discriminations and "balance of power" alliances.

If President Wilson can achieve his purpose this world will no more be a great military camp, burdened with armaments and taxes and harassed by that fear of war which brings war.

He can achieve it only if given a congress, senate and house, that is in sympathy with him and that will hold up his hands.

But if the conspirators win at the polling places on next Tuesday America's democratic ideals will lose prestige and power, abroad as well as at

home. The forces of privilege, militarism and reaction, eagerly waiting for the opportunity, will forge their way from the rear to the front in the free nations of Europe when the inspiration of Wilson's dynamic leadership for true democracy is lost.

And the result would be—what? At the end of this war the world would be not far from where it started so far as its international relations and organization are concerned. The same old entangling alliances, the same old economic discriminations, the same old "balance of power" would be depended upon to preserve peace and end, as they have always ended, in precipitating new wars. Like causes would again produce like results. The chief difference between the old world and the new would be found in mountains of debt and millions of graves—and over them would hover the spirits of popular unrest, of disappointment and dissatisfaction, of hatred and jealousy, threatening all nations, our own included, with socialism, with extreme and uncontrollable radicalism, and with the possible fate of

Russia. Against this frightful prospect of lost opportunities Woodrow Wilson stands like a great rock in a weary land. HE IS THE HOPE OF THE WORLD. Triumphant in war and in statesmanship, trusted and revered in all lands that love liberty and yearn for peace enduring, he is assailed today only in his own home country, where reactionism plots to wither his arm and strike down his high hopes.

His appeal is to the people. It is for them, in this solemn hour, to decide between him and his enemies.

We must answer this most pregnant question of the ages at the polls on Tuesday: Shall this war have been fought in vain, or shall we forget party and all prejudice and stand by the President of the United States who stands faithfully and unswervingly for all we hold dear and sacred?—Omaha World-Herald.

Druggists! Please Note Vick's VapoRub Oversold Due to Present Epidemic

Tremendous Demand Last Few Days Has Wiped Out Excess Stocks That We Had Estimated Would Last Until Next January. Last Week's Orders Called for One and Three-Quarter Million Jars—Today's Orders Alone Amount to 932,459 Jars.

Big Shipments are En Route to Jobbers—Until These Arrive There May be a Temporary Shortage—All Deals Postponed—Buy in Small Lots Only.

RETAILERS CAN GET IMMEDIATE SHIPMENTS DIRECT BY PARCEL POST.

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's VapoRub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute VapoRub in the quickest possible manner to those sections stricken by Influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED.

On October 1 we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient VapoRub to last us, we thought, until January 1st, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last 10 days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wed., Oct. 16.	18,504 doz.
Thurs., Oct. 17.	25,323 doz.
Fri., Oct. 18.	39,256 doz.
Sat., Oct. 19.	45,833 doz.
Mon., Oct. 21.	77,705 doz.

Up to Saturday, October 19th, we have actually shipped for this month \$400,284.10, or over two million jars of VapoRub.

THE PROBLEM NOW IS TO DIS-TRIBUTE VAPORUB QUICKLY.

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested now-days, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the Influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO.

Last Saturday we notified all of our jobbers, by Special Delivery, as follows:

1st—Deals and quantity shipments of all kinds are cancelled. Fill no quantity orders of any kind, whether taken by our salesmen or by you, own. Sell in small lots only.

2nd—Order from us in as small quantities as possible. If you are out

we will try to ship a limited amount by Parcel Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

4th—We are now out of the 60c size and will be for the next 10 days.

WHAT WE ASK THE RETAIL DRUGGIST TO DO.

Buy in as small quantities as possible. If you have any quantity orders, given the jobbers' salesmen or given to our salesmen, don't bother about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's VapoRub, we will ship you by Parcel Post, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount must accompany order. Don't write us stating to ship through your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH COR-RESPONDENCE.

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA.

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms—the treatment, and particularly the use of Vick's VapoRub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB.

In addition to the usual method of using VapoRub—that is, applied over the throat and chest and covered with hot flannel cloths—our customers are writing us daily telling of their success in using VapoRub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is no available, VapoRub can be used in an ordinary tea-kettle. Fill the tea-kettle half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a bulletin just issued by the Public Health Service, Dr. Stiles, of this Service, recommends that the nose be kept greased as a preventive measure against the Influenza germs. For this purpose VapoRub is excellent.

Call for Help
Answered at Once.

This morning the Sisters of St. Francis hospital, through Mrs. George P. Bellows at the Red Cross headquarters, asked for volunteer workers to come and wash dishes and relieve the nurses there so they might have more time for the sick wards. Before the call was scarcely made two volunteers were on their way to the hospital. They were Miss Katherine Helwig and Miss Helen Zenor, both teachers in the Normal.

HAPPY AFTER TWENTY YEARS.

"I must write and tell you I am getting along fine. For 20 years, that is over half of my life, I have spent in poor health and suffering from severe gas in stomach and indigestion. Mayr's Wonderful Remedy has entirely restored me. I also know of several others who have taken it for the same trouble and are now well again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Maryville Drug Co. and druggists everywhere. Adv.

Major Stepp Killed in Action in France
Known and Loved by Boys Who
Served on the Border.

The death of Major W. D. Stepp of Missouri, who was killed in action in France, is heard with regret by all the Nodaway county men and the members of the Fourth Regiment band who served under Major Stepp in the Mexican Border trouble.

A letter from Vane Day of Co. D, 139th Infantry, a Trenton boy, serving in Major Stepp's regiment, speaks of how much his men thought of their commander saying: "You have probably been reading of what the Missouri troops are doing in France and of course you will learn too, of the death of Major Stepp. My company

PIMPPLY? WELL, DON'T BELIEVE IT!

People Notice It. Drive Them Off
with Dr. Edwards'
Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

was advancing, pushing the bloody Huns back when I heard of it and it was like a bomb striking me. It is war and though a heart aches for the loss both of friend and relative, the spirit of love and patriotism Major Stepp had for his country and gave for his country will be a wonderful inspiration to those who knew him so well.

"I have seen and stood everything war has to offer. Artillery shell ing, poisonous gas, vicious machine guns, snipers, airplanes, mined fields, etc. It will be a wonderful story to tell you some day. These big shells make holes from two to six feet deep and they afford a fine place to jump into when the Germans turn their heavy guns loose. We can hear a large shell coming for several seconds, ample time to jump into a shell hole."

"The first day of the advance was just like a hike. The Germans run like jack rabbits. Some couldn't run fast enough and we took them prisoners. *** The prisoners were certainly a great sight. I'll never forget the first ones I saw. We were advancing and on our left I saw a young American proudly marching three inches up the hill to an officer. One of the three was a man not a day less than 65, gray as snow, a heavy pair of glasses, humped back, etc. But his kind is about all the Kaiser has left so he must fight. With a machine gun he does fairly good work, too."

Company C, Home Guards will not drill tonight. Non-commissioned officers school will be held at 7:30 o'clock.

HOW TO FIGHT SPANISH INFLUENZA

By DR. L. W. BOWERS

Avoid crowds, coughs and cowers, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, clean skin, and clean bowels are a protecting armour against disease. To keep the liver and bowels regular and to carry away the poisons within, it is best to take a vegetable pill every other day, made up of May-apple, aloes, jalap, and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears like a hard cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Anuric (anti-uric) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Anuric tablet every two hours, with frequent drinks of lemonade. The pneumonia appears in a most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed. In recovering from a bad attack of influenza or pneumonia the system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and barks of American forest trees, or his Ironie (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalid's Hotel, Buffalo, N. Y., for trial package.

Public Notice

To any person that wants to make more money, come to Wyoming and buy a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over \$1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools, good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from \$15.00 per acre up to \$50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at \$25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you came. Now, in case some stranger to me should read this ad, I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gwynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

COMMITTEE URGES ADOPTION OF AMENDMENTS 1 AND 2

MERIT VOTERS SUPPORT

Their Approval Will Prove To the Best Interest of the State, Is Recommendation Made.

At the meeting last Tuesday evening of the directors of the Commercial Club it was pointed out that two amendments to the constitution to be submitted at the coming election—Amendments No. 1 and No. 2—being in the interests of schools, the need to have special attention of the voters called to them was believed important. As a result of the discussion a committee of five members was named to report on the amendments named. The committee has submitted the following report:

Maryville, Mo., Oct. 31, 1918.

To the Commercial Club.

Maryville, Mo.

"Dear Sirs: You have asked this committee to report to you on those proposed amendments to the state constitution which seem to merit general support without calling up past differences, to which request the committee respectfully replies as follows: "1. The purpose of Amendment No. 1 evidently is to give to village and rural schools the same taxation rights that the city schools possess. Under this amendment they would be allowed at the option of the voters, to increase their annual levy as it now is from the maximum limit of sixty-five cents on the one hundred dollars assessed valuation to one hundred cents. The increase of levy is left for the voters to decide according to the needs of the various districts.

"2. Amendment No. 2 is intended to make more definite and exact the language of the constitution by striking out the words 'ordinary revenue of the state' which has been the cause of recent litigation, and by inserting in lieu thereof the words 'receipts of the state treasury.'

"The effect of this amendment would, in no way, increase taxation, but would so divide the state revenue as to give to the schools the income formerly claimed for them.

"Your committee believes both these amendments will appeal to the approving judgment of the voters, and that their adoption will be conducive to the best interests of the state.

(Signed.) L. C. COOK,
JOHN W. DAWSON,
W. A. BLAGG,
C. W. YEHLE,
C. A. HAWKINS,
Committee."

NEW DATE FOR TARKIO GAME

The Maryville-Tarkio football game scheduled to be played here tomorrow on the Normal field has been declared off, owing to the influenza ban. A new date is being sought and it is likely that the game will be played November 23 if an agreement can be reached between the two teams. The next game for the Normals will be with the Cameron eleven at Cameron next Saturday.

At a meeting of the members of the Normal etam yesterday Forrest Brown was chosen captain. Brown plays half back with the team. Daily practise is being had and some fine talent is being developed under the coaching of Athletic Director Sims.

WELL KNOWN RESIDENT DIES

Mrs. Rosa Wilson of Guilford, 83 Years Old Passed Away Last Night—Funeral Tomorrow.

Mrs. Rosa Wilson, one of the best known residents of Guilford, died at eight o'clock last night at her home. Mrs. Wilson was past 83 years of age and had been in failing health for several years. The funeral services will be held at the home at 2 o'clock tomorrow afternoon, conducted by the Rev. W. H. Elling, pastor of the Methodist church, South, of Guilford. The body will be interred in the Guilford cemetery.

Mrs. Wilson was the widow of James Blackburn Wilson who died in 1893. She was born in East Tennessee in March, 1835. When quite a child, she came with her parents to Nodaway county and they settled on a farm near Guilford.

Five children survive Mrs. Wilson. They are John M. Wilson of Wyoming; Mrs. John Sapp of Conception; Mrs. W. G. Whitford of Oklahoma City; Mrs. G. B. Rimmel and James A. Wilson of Guilford. Mrs. Wilson is also survived by two sisters, Mrs. Katherine Miller and Mrs. Letitia Allen of this city, and one brother, James K. P. Graves of Deslapp, N. D.

NEW SUGAR ORDER TO GROCERS

Under New Ruling Permission Is Given to Sell Three Pounds Per Person Each Month.

In accord with the new sugar ruling from the Federal Food Administration at Washington, County Food Administrator P. P. Robinson, is sending the following order to all dealers in Nodaway county:

TO THE RETAIL GROCERS OF NODAWAY COUNTY.

On yesterday we mailed to you from this office printed instructions on flour and sugar rules, but this morning we received a wire making a radical change in the sugar regulations, and below we give you the new sugar regulations which become effective at once and supersede all former sugar regulations. The rules are as follows: The household allotment has been raised from two pounds per person per month to three pounds per person per month; and the whole allotment for the month may be bought at one time regardless of the residence of the purchaser.

In other words, if there are three in family they are entitled to nine pounds for the month and may buy all at one time if desired.

Merchants are still required to keep account of sales of sugar and make reports to me at the end of each month. Each merchant will receive from headquarters additional sugar certificates for one-third the amount which has already been sent them for November.

Hotels, restaurants, boarding houses and other public eating places under the new rules will be allotted three pounds of sugar for each ninety meals served, and additional sugar certificates will be sent to them to cover the additional allotment.

Yours truly,
P. P. ROBINSON,
U. S. Food Administrator for Nodaway County, Missouri.

A HOSPITAL CALL

WOMEN ARE NEEDED TO DO DISHWASHING AND OTHER WORK

NURSES NEED RELIEF

With Wards Filled With Influenza Patients, Volunteers Are Asked To Give Part of Their Time.

The Sisters at St. Francis hospital are in need of workers and want the assistance of women who will wash dishes between the hours of 8 and 10 in the morning and from 12 to 1 o'clock in the afternoon. Two workers for each of these periods daily are wanted.

The hospital wards are filled with influenza patients. The situation is not alarming. The nurses can easily care for the sick people and want no assistance from outside except during these periods and for this work. These volunteer workers will not come in contact with any of the sick wards and will be in no danger of infection and sterilized masks will be furnished them.

Mrs. Vilas Martin, herself a trained nurse, has been on duty for so many hours daily since the beginning of the epidemic. Mrs. George P. Bellows, county director for women, was asked to place a call for volunteer workers in this capacity only and any woman willing to help will please call Mrs. Vilas Martin, at her home, telephone 86, and she will arrange the workers in shifts as most convenient.

A call was received at draft board headquarters this morning for twenty-three men to go to Kelly Field, San Antonio, Texas, beginning with the five day period November 11. A request yesterday for the board to send at once all matters to be presented to the district board has necessitated some extra work by the clerks in the office. Work in connection with the new draft is proceeding swiftly and an order is expected within a few days to begin sending questionnaires to all registrants remaining on the lists.

FIX SHOE PRICES

THE MAXIMUM IS \$12, THE MINIMUM DOWN TO \$3

THERE ARE 3 CLASSES

Fifty-four Per Cent of Entire Output Is Scheduled for Sale at From \$6 to \$8.50.

Washington, Nov. 1.—Go to your dealer today and buy shoes at the prices set by the government last month.

This advice was given today to the American people by C. F. C. Stout, chief of the Division of Hide, Leather and Leather Goods of the War Industries Board, in a statement that the shelves of shoe stores are now well stocked with the new regulated price shoes.

The price scale set by the War Industries Board is divided into three classes, with the lowest minimum at \$3.00 and the highest maximum at \$12.00. The price of shoes in Class A will vary from \$9.00 to \$12.00, and into this class will fall only 18 per cent of the total output of shoes. Class B shoes will vary from \$6.00 to \$8.50. This class will include 54 per cent of the output. Class C will include 28 per cent of the output, and the prices will vary from \$3.00 to \$5.50.

B. M. Baruch, chairman of the War Industries Board, is determined that the regulations set by the board shall not be violated, and that there is to be no lowering of the quality or workmanship of the shoes because of the price limit.

Chairman Baruch has charged the duty of operating this price scale to the War Service Committee of the shoe manufacturers and shoe retailers. The first committee consists of J. P. McElwain of Boston, chairman; J. Henry Selz of Chicago; Frank R. Briggs, Boston; F. A. Miller, Columbus; H. T. Cook, Syracuse; Emil Weil, Brooklyn. The retailers' committee follows: John Slater, New York; J. P. Orr, Cincinnati; John O'Connor, Chicago; A. H. Gueing, Philadelphia; Warner Dyck, Atlanta, and Joseph Berberich, Washington.

On October 15 the cutting of all shoes beyond the price of \$12 was restricted, except when continuing contracts require an extension of time to enable the manufacturer to fulfill his obligation. Special licenses for this had to be obtained from the War Industries Board.

Retailers were also granted time to sell their stock over \$12.00. Because their orders had been placed and subsequently filled by the manufacturers, the War Industries Board has given the retailers until June 1, next, to dispose of their stock selling above the maximum of \$12.

After this time all footwear must be sold at the regulation prices, however. Violations will result in the government cutting off the supply of leather in the case of a manufacturer and cutting off of stocks from the manufacturer in the case of a retailer.

Mr. Stout calls attention to the fact that free purchases of shoes above the maximum price until June 1 will help to bring the market to the basis of the price regulations sooner.

CHIEF OF GERMAN PRIVY COUNCIL LEAVES BERLIN ON IMPORTANT MISSION

EXPECT BIG EVENTS SOON

Information Concerning Most Important Developments of War Are Occupying State Department.

Washington, Nov. 1.—Officialdom awaits with tense nerves today for the biggest developments of the war. Department offices are charged with excitement and little is concealed. President Wilson remained at his desk until after one this afternoon deciding on personal messages from Colonel House. He was at his desk before breakfast this morning working on replies which were immediately placed on cables. The messages carried it is assumed are to be the final word of the United States on the armistice and general peace terms to be passed on by the supreme war council at Versailles. Final decision of that body may be but a question of hours.

It is frankly admitted at the White House and at the State department there is information covering the most important developments of the war. They cannot be made public now. Premature publication may prove disastrous.

THE MAIN POINT.

The debate on the President's plea for a Democratic majority in congress to support him in his war policies and plans is largely off the main point. Republican partisans are trying to confuse the public mind and make it appear that the President reflects upon the loyalty of Republicans and is playing petty politics.

There is no question of the loyalty of Republicans nor of the aid Republicans in congress have given the President in war work. The President recognizes both. Loyal Americans of all parties have done and will do their full duty.

There is no question of coercion of the people or coercion of congress. The people are free to vote as they think and elected congressmen are free to talk and vote as they think.

The sole question is that of unity or division in government in dealing with the vast and intricate problems of the war and of the judgment of the people in the conduct of the war.

The President, as is his wont, frankly tells the people that unity of leadership through a congressional majority in political accord with him would strengthen him and decrease his difficulties in dealing with the great problems and tasks of the war and that opposition control of congress would weaken him and increase his difficulties.

The question for the voter to decide is simple: Is united leadership better than divided leadership? Would the defeat of the President's party in the elections help or injure his leadership in the world war? Would opposition control of congress promote or hamper his work at home and abroad?

Voters who have confidence in the President and trust his leadership and who think he is entitled to approval, support and a free hand to carry out his great plans will heed his plea. Voters who think otherwise will reject it and vote for Republican control of congress with all the power to control the President's policies and plans that this conveys.—St. Louis Post-Dispatch.

WILSON'S PEACE.

"When it comes to the peace negotiations we should emphatically repudiate the famous fourteen points announced by the president last January. They have been greeted with enthusiasm by Germany and by all pro-Germans on this side of the water, especially by the Germanized socialists and by the bolsheviks of every grade, and for this

reason good Americans should regard them with suspicion."—Theodore Roosevelt.

Here is a bold statement of the amazing conspiracy headed by Colonel Roosevelt and Senator Lodge to destroy the president's leadership and to ruin his influence at the peace table.

Is it strange that Woodrow Wilson has appealed to the American people, not only for support for himself but to protect from destruction his far-reaching plans to erect, on the basis of German defeat, a world emancipated from autocratic and militaristic rule, a world free and democratic, a world relieved from war and fear of war, blessed with a peace that is enduring because founded on justice and dedicated to liberty for all men everywhere?

The Cataline conspirators—Roosevelt and Lodge and Penrose and Smoot and their less notable coadjutors—waited for the eve of election day to draw their knives against the president and an American peace. Their country's war purposes and peace terms had long been known. They had been acclaimed by the American people, acclaimed by the people of Britain and France and Italy and Belgium. They had cemented the free nations together. They had given unity of command and purpose and action to the powers in arms against Germany. They had placed our war on the high plane of international morality and idealism. They had been applauded, as they were announced, by every republican leader and spokesman who had the courage to express an opinion. They had brought

us and our Allies to the threshold of complete and glorious victory. And then, with an American election pending, the conspirators struck!

They demand now that the American people repudiate all we have been

fighting for and that it be left to an opposition congress to formulate new war purposes and peace terms. They demand that the superb diplomatic achievements of the president, that his tremendous diplomatic victory nearing

the hour of its consummation, shall be thrown into the waste basket, that the devastating war be left to blight and desolate the earth while reactionary statesmanship discovers fresh reasons for continuing the fighting indefinitely.

At the moment that the president, in co-operation with the Allied governments, is preparing to bring home the free soldiers of the earth safe and laurel-crowned, these enemies of Wilson and of Wilson's peace would prepare for the digging of a million fresh graves amidst the poppies that bloom on Flanders field.

And why? It is because they are opposed on principle to the Wilson ideals, which have been accepted and proclaimed as the ideals of America, of Great Britain, of France and of Italy as well. It is because they stand for making this country of ours a strong military republic, and have no faith in nor desire for disarmament and a league of nations. They regard President Wilson as "visionary" in that he is liberal, far-seeing and progressive. They regard him as "weak" in that he stands for the peace of justice instead of a peace of force, economic discriminations and "balance of power" alliances.

If President Wilson can achieve his purpose this world will no more be a great military camp, burdened with armaments and taxes and harassed by that fear of war which brings war.

He can achieve it only if given a congress, senate and house, that is in sympathy with him and that will hold up his hands.

But if the conspirators win at the polling places on next Tuesday America's democratic ideals will lose prestige and power, abroad as well as at

home. The forces of privilege, militarism and reaction, eagerly waiting for the opportunity, will forge their way from the rear to the front in the free nations of Europe when the inspiration of Wilson's dynamic leadership for true democracy is lost.

And the result would be—what?

At the end of this war the world would be not far from where it started so far as its international relations and organization are concerned. The same old entangling alliances, the same old economic discriminations, the same old "balance of power" would be depended upon to preserve peace and end, as they have always ended, in precipitating new wars. Like causes would again produce like results. The chief difference between the old world and the new would be found in mountains of debt and millions of graves—and over them would hover the spirits of popular unrest, of disappointment and dissatisfaction, of hatred and jealousy, threatening all nations, our own included, with socialism, with extreme and uncontrollable radicalism, and with the possible fate of

Russia.

Against this frightful prospect of lost opportunities Woodrow Wilson stands like a great rock in a weary land. HE IS THE HOPE OF THE WORLD. Triumphant in war and in statesmanship, trusted and revered in all lands that love liberty and yearn for peace enduring, he is assailed today only in his own home country, where reactionism plots to wither his arm and strike down his high hopes.

His appeal is to the people. It is for them, in this solemn hour, to decide between him and his enemies.

We must answer this most pregnant question of the ages at the polls on Tuesday: Shall this war have been fought in vain, or shall we forget party and all prejudice and stand by the President of the United States who stands faithfully and unswervingly for all we hold dear and sacred?—Omaha World-Herald.

This advertisement is written on Monday, October 21st. It is directed to the attention of all distributors of Vick's VapoRub, both wholesale and retail. In an emergency such as the present epidemic—our duty—and your duty—is to distribute VapoRub in the quickest possible manner to those sections stricken by Influenza. We, therefore, call your careful attention to the following:

DANGER OF SHORTAGE IF SUPPLY IS NOT CONSERVED.

On October 1 we had on hand, at our factory and in twenty warehouses scattered over the country, sufficient VapoRub to last us, we thought, until January 1st, allowing for a 50 per cent increase over last year's sales, and not counting our daily output. This big excess stock had been accumulated during the summer months.

Then this epidemic of Spanish Influenza hit us—and in the last 10 days this stock has vanished. At first we thought this tremendous demand would last only a few days, but the orders have run:

Wed., Oct. 16.....18,504 doz.
Thurs., Oct. 17.....25,323 doz.
Fri., Oct. 18.....39,256 doz.
Sat., Oct. 19.....45,833 doz.
Mon., Oct. 21.....77,705 doz.

Up to Saturday, October 19th, we have actually shipped for this month \$400,284.10, or over two million jars of VapoRub.

THE PROBLEM NOW IS TO DIS-
TRIBUTE VAPORUB
QUICKLY.

Most of this tremendous quantity is still en route to the jobbers, but freight and express are both congested nowadays, and it may be some time before this supply reaches the jobbers. In the meantime, therefore, it is necessary that we distribute, as widely as possible, the stock that we are manufacturing daily, together with that now on the jobbers' and retailers' shelves, in order that it may get to the Influenza districts quickly. Our normal output is about 4,000 dozen per day. We are putting on a night shift, but it will be a little while before that is producing.

WHAT WE ASK THE WHOLESALE DRUGGIST TO DO.

Last Saturday we notified all of our jobbers, by Special Delivery, as follows:

1st—Deals and quantity shipments of all kinds are cancelled. Fill no quantity orders of any kind, whether taken by our salesmen or by you, even. Sell in small lots only.

2nd—Order from us in as small quantities as possible. If you are out

we will try to ship a limited amount by Parcel Post or express, and pay the charges ourselves.

3rd—In order to make distribution still quicker, we will ship direct to your retail customers quantities not more than three (3) dozen 30c size at any one shipment.

4th—We are now out of the 60c size and will be for the next 10 days.

WHAT WE ASK THE RETAIL DRUGGIST TO DO.

Buy in as small quantities as possible. If you have any quantity orders, given the jobbers' salesmen or given to our salesmen, don't bother about them—no need to write us—it is absolutely impossible to fill these orders at this time. If the jobbers in your territory are out of Vick's VapoRub, we will ship you by Parcel Post, prepaid, quantities not more than three (3) dozen 30c size in any one order. Naturally, we can't open accounts at this time, so your check or money order for this amount, must accompany order. Don't write us stating to ship through your jobber, as we then have to wait until we write this jobber and get his O. K. If you wish the goods to come thru your jobber, have him order them for you.

SNOWED UNDER WITH CORRESPONDENCE.

Our force has already been "shot to pieces"—twenty-four of our men are wearing Uncle Sam's khaki—and this recent rush has simply buried us. All our sales force has been called to help in the office and factory. We just mention this so you won't hold it against us if your wires and letters aren't answered promptly.

SPECIAL BOOKLETS ON SPANISH INFLUENZA.

We will send, on request, to any retail druggist, 100 or more little booklets, just issued, on Spanish Influenza, giving the latest information about this disease—its history—the symptoms—the treatment, and particularly the use of Vick's VapoRub as an external application to supplement the physician's treatment.

NEW WAYS TO USE VAPORUB.

In addition to the usual method of using VapoRub—that is, applied over the throat and chest and covered with hot flannel cloths—our customers are writing us daily telling of their success in using VapoRub in other ways, particularly as a preventive. They melt a little in a spoon and inhale the vapors arising, or melt it in a benzoin steam kettle. Where the steam kettle is no available, VapoRub can be used in an ordinary tea-kettle. Fill the tea-kettle half full of boiling water, put in half a teaspoon of VapoRub from time to time—keep the kettle just slowly boiling and inhale the steam arising.

According to a bulletin just issued by the Public Health Service, Dr. Stiles, of this Service, recommends that the nose be kept greased as a preventive measure against the Influenza germs. For this purpose VapoRub is excellent.

Major Stepp Killed in Action in France
Known and Loved by Boys Who
Served on the Border.

The death of Major W. D. Stepp of Missouri, who was killed in action in France, is heard with regret by all the Nodaway county men and the members of the Fourth Regiment band who served under Major Stepp in the Mexican Border trouble.

A letter from Vane Day of Co. D, 139th Infantry, a Trenton boy, serving in Major Stepp's regiment, speaks of how much his men thought of their commander saying: "You have probably been reading of what the Missouri troops are doing in France and of course you will learn too, of the death of Major Stepp. My company

PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off
with Dr. Edwards'
Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

HOW TO FIGHT

SPANISH INFLUENZA

By DR. L. W. BOWERS

Avoid crowds, coughs and crows,
but fear neither germs nor Germans!
Keep the system in good order, take
plenty of exercise in the fresh air and
practice cleanliness. Remember a
clean mouth, clean skin, and clean bow-
els are a protecting armour against dis-
ease. To keep the liver and bowels
regular and to carry away the poisons
within, it is best to take a vegetable
pill every other day, made up of May-
apple, aloes, jalap, and sugar-coated,
to be had at most drug stores, known
as Dr. Pierce's Pleasant Pellets. If
there is a sudden onset of what appears
like a hard cold, one should go to bed,
wrap warm, take a hot mustard foot-
bath and drink copiously of hot lem-
onade. If pain develops in head or
back, ask the druggist for Anuric (anti-
uric) tablets. These will flush the
bladder and kidneys and carry off
poisonous germs. To control the pains
and aches take one Anuric tablet every
two hours, with frequent drinks of
lemonade. The pneumonia appears in
a most treacherous way, when the in-
fluenza victim is apparently recover-
ing and anxious to leave his bed. In
recovering from a bad attack of in-
fluenza or pneumonia the system should
be built up with a good herbal tonic,
such as Dr. Pierce's Golden Medical
Discovery, made without alcohol from
the roots and barks of American forest
trees, or his Ironie (iron tonic) table-
ts, which can be obtained at most
drug stores, or send 10c to Dr. Pierce's
Invalid's Hotel, Buffalo, N. Y., for
trial package. Adv.

Public Notice

To any person that wants to make more money, come to Wyoming and
buy you a farm where the crop in one year will pay for the land and where
one acre put in potatoes will pay for five acres at the present price; where
you and your family will be healthy and you are sure to prosper if you work
and try like you have to in Missouri. Now I know what I am saying, as I
lived here in good old Missouri for 18 years and always tried hard to get
us a home, but when I left here three years ago I owed over \$1,600.00 of debts
here that I could not pay, but have paid them since I went to Wyoming. I
am only telling you this to encourage you to come. We have good schools
good churches, good water and climate, and as good people as you can find
anywhere. I have land I can sell from \$15.00 per acre up to \$50.00 per
acre. Close to two good railroads. Have got a 2,400 acre ranch at \$25.00 per
acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you
come and buy a farm I get a small commission out of it, but that is not the
best reason. I know I will be doing you a favor and know you will always
be glad you came. Now, in case some stranger to me should read this ad.
I will give you as reference some of the best men in Nodaway County or
any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J.
Roof, Bill Jackson; Ravenwood, Mo. S. E. Wells, and V. O. Hunt; Bar-
nard, Mo. George Cole, banker; Geyser City, Mo. Charlie Lewis; Sheri-
dan, Mo. C. C. Hall; Hopkins, Mo. Albert Matti; Maryville, Mo. Nathaniel
Sisson, U. S. Wright, Henry Wright, James Robinson. For any information
about this county, if you can't see me when I am here, write me at Carpen-
ter, Wyo. I took three men out with me two weeks ago and sold all three a
farm. Would be glad to have you talk to any of these men: Cool Tal-
lington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We
raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, al-
falfa and good gardens. Poultry of all kinds do well. Stock of all kinds do
well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come
and see it. For further information, write—
